

ARGUS

Manufacturing Intelligent Solutions

MACHINING SERVICES

Argus is a progressive machining and manufacturing company in Edmonton, Alberta. Our facilities in Edmonton and Nisku continually work at optimizing the manufacture of components for our customers.

Our in-house engineering teams are dedicated to designing innovative products, as well as developing specialized manufacturing tools to support our production capabilities.

Our manufacturing expertise is extensive. We offer with confidence that the parts you receive will be of the highest quality. Argus has been a valued partner since 1958, and we continue to evolve as a leader in machining and manufacturing services.

We support industries such as:

Transportation, Construction, Aviation, Mining, Hydrogen, and Oil & Gas.

To maintain such diverse capabilities we ensure our equipment is always up to date and continuously improve our training and licensing capabilities.

ONE SOURCE CONVENIENCE

At Argus, we have the right combination of equipment, technology and experience to offer the most diverse threading and manufacturing facilities in Western Canada.

Our dedicated equipment and manufacturing cells offer high-volume threading, coupling manufacture and coupling installation. Additionally, a diverse selection of over 100 machine tools provide manufacturing capabilities to meet the most demanding requirements.

We provide service 24 hours per day, seven days a week, to meet all your threading and machining needs.

CAPABILITIES:

- + High-Volume Manufacturing Cells
- + Electro Discharge Machining
- + CMM Equipment
- + Four Full-Length Threading Lines
- + Swaging / Expanding & Stress Relieving to a Maximum of 13 3/8"
- + Torque Makeup & Computerized Monitoring Up to 16" Diameter
- + Engineering Services

THREADING SERVICES

PREMIUM, API & PROPRIETARY CONNECTIONS

Argus offers comprehensive threading services to your industry. In addition to being certified by API, we currently hold 14 premium threading licenses.

Please refer to our website for the threading technologies we support.

MANUFACTURING SERVICES

SERVICES & EQUIPMENT

- + Turning Equipment
- + Milling / Multi-Axis Equipment
- + Electro Discharge Machining
- + Deep Hole Drilling
- + Welding

Edmonton Facility

Nisku Facility

CERTIFICATIONS:

- + ISO 9001:2015
- + API Spec. 5CT - 0301, Casing & Tubing
- + API Spec. 6A - 0300, Wellhead & Christmas Tree
- + API Spec. 6D - 0225, Pipeline Valves
- + API Spec. 7 - 1 - 0106, Rotary Drilling Equipment
- + API Spec. 5CT - 0579, Casing & Tubing
- + API Spec. 7 - 1 - 0402, Rotary Drilling Equipment
- + AASP Certificate of Recognition 2021-2024
